TRAIL RATING

Please be advised that trail rating symbols are relative to each ski area's specific terrain. A blue square trail at Mammoth could be easier or more difficult than a blue square trail at a different resort. No matter your ability, when skiing/riding for the first time on any mountain, start on the easiest runs and work your way up to familiarize yourself with the area.

Hazards and obstacles may exist throughout the season. Flags, fencing, poles, signage and padding are used by the ski area to mark known locations of potential obstacles and hazards. These markers do not guarantee your safety and will not protect you from injury. As part of "Your Responsibility Code," it is your duty to avoid all obstacles and hazards, including those that are marked.

To find the nearest base lodge while on the slopes, look for the purple sign at most trail junctions that will point you in the direction.

IN CASE OF EMERGENCY, CALL 760.934.0611

If you do not have a phone, notify a lift operator or any uniformed employee of the nature of the injury, as well as a description and location of the injured person.

AVALANCHE RESCUE SYSTEM

Ski Patrol utilizes standard 457 kHz avalanche transceivers and the RECCO avalanche rescue system to facilitate rapid location of burials. Neither of these systems prevent avalanches or guarantee location or survival. To avoid accidents, become informed of potential hazardous areas, use common sense, and always ride with a buddy on powder days.

SKI PATROL

To report safety issues or emergencies, look for Ski Patrol in the red jackets or call 760.934.0611.

HOSTS

For assistance and safety tips, look for Mountain Hosts with the yellow patch on their jackets.
